FAQ

What do you write?

I write wickedly fun romantic adventures and steamy paranormal romances, fast-paced reads with challenging heroes—and resilient heroines who aren't afraid of a challenge.

What starts you writing?

The basic spark for my writing is that I'm genuinely excited by love, and by the growing relationship between two people. Alpha males are favorites, and vampires are the ultimate alphas.

Any tips for aspiring writers?

Love to make mistakes, and to turn those “mistakes” into something brand-new. Creativity juxtapose strange things, putting together vampires and grannies, people and lions. And while I don't know any vampire grannies, shape-shifters are huge. Who knows what's next?

Love to dream. Ask what-if, and then keep going. It's easy to think, that'll never work. What's harder, but more fun and ultimately more rewarding, is finding a way to make your crazy idea work and to make it believable.

Writing isn't a one-size-fits-all field. Celebrate what works for you!
