

Mary Hughes (written Hug-he's but possibly pronounced throat warbler mangrove) writes smart and sassy stories of action and love. She's the author of the Pull of the Moon Series, the Biting Love Series, the Ancients Series, and the Lovless Brothers Series.

She's a bona fide computer geek and performing flutist. (And piccolo, but we don't talk about that.) When this USA Today Bestselling Author isn't busy finding the missing </> tag or blowing her lungs out, she's reading or binging on The Flash, NCSI, Wynonna Earp, or Agents of SHIELD...and petting the cats that inevitably end up on her lap.

FAQ

What do you write?

I write wickedly fun romantic adventures and steamy paranormal romances, fast-paced reads with challenging heroes—and resilient heroines who aren't afraid of a challenge.

What starts you writing?

I'm genuinely excited by love and by the growing relationship between two people. Alpha males are a favorite, and vampires are the ultimate alphas.

Any tips for aspiring writers?

Love to make mistakes, and to turn those “mistakes” into something brand-new. Creativity isn't just mashing up strange things like vampires and grannies, people and lions. It's making them make sense together. (Hey, shapeshifters are huge. Who knows if vampire grannies are next?)

Love to dream. Ask what-if then keep going. Don't think “that'll never work.” Find a way to make your crazy idea work and to make it believable. It's incredibly rewarding.

Remember, writing isn't a one-size-fits-all field. Celebrate what works for you!

Starstruck: Playing With Fire (The Battle of the Bands)

I don't do rockstars. I rock the stage too, and I know how shallow the glamour is. But Connor seems...different. Deeper.

Clumsy but smokin' fiddle-player Shivawn Kelly meets hot rockstar Connor Chase and lightning attraction strikes.

But their bands are enemies in the Starstruck Battle of the Bands. Only one can win.

And then Connor overhears a rival band plotting—and he's afraid their target is Shivawn.

Céilí band versus rock-and-roll. It's the Battle of the Bands, but the real battle is in their hearts.

Welcome to STARSTRUCK, a showplace for talent, a playground for love. A collection of contemporary novellas that will leave you breathless and craving more.

Night's Kiss: The Ancients (Biting Love Universe)

As a human who hunts vampires, I risk death each night I take to the streets. Bloodsuckers are stupidly fast. I have only my wits, my practice, and my weapons.

Oh yeah, and my rage.

Vampires killed my parents before my eyes when I was young. My revenge? I'll destroy every last one of the evil bastards, starting with their king.

But only one man can help me locate the king. Achingly tall, dark, and too-sexy-for-his-own-good, Ryker is gorgeous enough to be the vamp king himself. But the devilish arch to his black eyebrow, his white, unfangy grin, and rocking the daytime are good clues that he's human.

We'll have to work together as uneasy allies if I hope to get my final revenge on the king—only now it seems evil monsters are also after our prey, and they'll stop at nothing to see us all dead. And why are they having so much trouble finding the king?
